Counseling Beyond the Couch

**\$38,124.71 in
Discounted &
Donated Services**

Awaken360 counselors provided 2,065 life-altering sessions for 485 people in 2024. True to our belief in availability for treatment, over \$38,000 in discounted and donated services were provided. Specialized services like EMDR, DBT, and TF-CBT were provided to treat suicidal behaviors, childhood trauma, parent and child therapy, and marriage counseling to help families better connect. People who had been on 6-month long waitlists were able to get in in a matter of days or weeks and receive life-saving care. Awaken360 does not believe in waiting lists. If we can't get you in, we reach out to trusted colleagues and work to get you started.
